The new Audi

Q6
e-tron

E-performance, next-level.

Impressive when driving, also when fast-charging. The Q6 e-tron generates up to 255 km of charge in just 10 minutes or 625km with a full battery. Cutting-edge electric mobility ensures your journey is uninterrupted and efficient as the brand new charge system allows 10% - 80% charge in 21 minutes.

Perfectly proportioned

The Audi Q6 e-tron is a visual testament to Audi's commitment to innovative, uncompromised design. Smooth curves interact with sharp lines, creating a sense of movement even when the car is still. The regional upgrade to include the black exterior package, 20" sports wheels, and bold red brake calipers, makes the Audi Q6 e-tron the most uncompromising electric SUV on the road.

Intelligent lights, an Audi first.

Setting new standards in automotive illumination the Audi Q6 e-tron showcases the world's first active digital light signature, creating a customizable and animated lighting experience. Along with Matrix headlights and digital OLED rear lights, this cutting-edge technology enhances road safety and aesthetics, making every drive visually appealing.

Full of wonderful details

Designed to have a distinctly homely ambiance, the Audi Q6 e-tron opens the next chapter of pioneering technologies. The all-new “Softwrap” design creates a homogeneous and enveloping feeling of space while incorporating an augmented reality heads-up display, MMI passenger display, and smart door panels.

The multifunction steering wheel, premium sound and unique sports seats finish off a high-tech, luxurious environment, making the interior as innovative as it is inviting.
